Classroom Trolleys

Classroom Trolleys

This modern design incorporates the "Glide & Tilt" runner system, into a sturdy steel tubular frame.

Frames and tops are all epoxy coated in Red.

All trolleys are available with coloured trays in Clear, Red, Yellow, Blue & Green.
(Trays can also be purchased separately)

50mm castors are fitted as standard, however glide feet can be supplied as an alternative if requested.

Trolley tops are recessed to stop items from falling off

Classroom Trolleys are a simple & effective solution for storage applications are excellent value for money

Featuring the Glide & Tilt System

- Glide and Tilt system is available in all storage units.
- Holds trays in an angled open position.
- Allows easy access to tray.
- Clear display of tray contents.
- Eliminates tray "fall thru"
- Combined with "supertuff shatterproof" colourful & clear trays makes for the safest storage system available.

At the heart of our Education Range of Classroom Trolleys are the colourful storage trays.

- Trays available in four colours and also clear.
- Solid plastic colour trays moulded in 'Supertuff shatterproof' High Impact Polystyrene (HIPS).
- Clear storage trays moulded in 'Supertuff shatterproof' ABS.
- A choice of colours.
- Smooth internal surfaces for easy cleaning.
- Dual identification labelling system.
- Injection moulded plastic tray inserts.
